Projects

Clothing Brand Website

- Developed a comprehensive UI for a Clothing brand using **React**, leveraging **Formik** for form management, the **React Context API for state handling**, and **react-router-dom for dynamic routing**.
- Implemented user authentication, stored user inputs in local storage, and managed data through a centralized **JSON** file.
- Additionally, I designed a responsive UI with CSS and Bootstrap, ensuring cross-device compatibility. One of the key features was an optimized "Add to Cart" functionality, allowing users to seamlessly manage their selections.

Eduvalt ed-Tech Platform

- Developed Eduvalt, a responsive UI for ed-Tech platform using **React**, aimed at providing a seamless user experience across all devices.
- The platform features responsive design using **CSS** and **Bootstrap**, along with engaging animations to enhance user interaction.
- I managed data through a centralized **JSON** file, implemented secure user authentication with local storage, and prioritized an intuitive, user-friendly interface for smooth navigation.

Food Website

- Developed a responsive UI for Food website for store using React, integrating external APIs for product data with **Axios** and managing user inputs via local storage.
- Key features include add to cart and wishlist functionality, while the UI was styled using **CSS**, **Tailwind CSS**, and components from **Material-UI**, **React Bootstrap**, and **Bootstrap.**
- I also utilized **React-antd** for user notifications and incorporated multiple animations to enhance user interaction, ensuring a seamless and intuitive user experience.

Skills

Web Technologies: JavaScript (ES6+), HTML5, CSS3

UI Components & Frameworks: Material UI, Bootstrap, React Bootstrap, Tailwind CSS

Frontend Libraries: React JS, React Router, Redux, jQuery

Version Control & Tools: Git, GitHub

Educational Background

Post-Graduation in Information Technology | 2021 – 2023
R.D. National College, Mumbai University

Graduation in Information Technology | 2018 – 2021
R.D. National College, Mumbai University

Certification

TryCatch Institute | 2023-2024

Front-End Developer, React JS
